**AG Virtuelle 2020**

**GAV 2b**  
**Language groups**

**1st – 20th de August, 2020**

# Organizational logistics

**Each language group will decide when to meet, how many times and which platform to use.**

If you wish to use the Zoom platform contracted by FIMEM, request it and present the dates of your meetings. It is necessary to plan the meetings since it is not possible to have two meetings with this same platform simultaneously.

**Where and from whom do I request the Zoom platform?**

To Gabi, to the commission's email: [agvirtual2020@gmail.com](mailto:agvirtual2020@gmail.com)

The advantage of this platform is that it accommodates up to 300 people and video calls are not cut off every 40 minutes, as in the free version.

# **Language Groups Participation: a key moment of the General Assembly**

The AG2b or "Language Groups" (or languages) is the space, together with the meetings of the movements, where the voices of all the participants of each movement are present: where discussions are held, proposals are made, collective positions are taken, the first agreements are reached.

## To be considered:

The language groups present their conclusions, proposals and discussions through the report to the Virtual GA Commission and the CA, in order to establish the priorities for the GA3:

which are the urgent proposals to be solved, which are the ones that can be treated later, which are by email, which are by commissions, or which will require to be dealt with in the presence; the non-presence makes everything more complex (in all areas of life).

Technology brings us closer, it helps us, however, it does not replace the presence (we have proven this with our classes in our schools) and therefore, we will have to have the strength and awareness that there are issues that will be more appropriate to treat them in person.

# Reports by language group

The reports (minutes, reports) must be submitted on August 21st or 22nd as the deadline, since it is necessary for the AGV Commission and the CA, as mentioned above, to establish the priorities for the GA3, as well as those proposals that may have a subsequent treatment, via email, by commissions or that will require attendance.

Deadline: August 21st and 22nd.

Send to: [agvirtual2020@gmail.com](mailto:agvirtual2020@gmail.com) and to: [cafimem@gmail.com](mailto:cafimem@gmail.com)

Reports must be delivered in the three official languages of FIMEM:

English, Spanish and French

(you can use translators such as DeepL, for example, which works quite well).

# Representatives of the language groups

Each language group will need to elect a representative with whom the Commission and the CA will have direct contact through emails, in order to deliver information, comment on doubts, send the report-report, among other needs.

Send name/email/country/movement of the group representative to:  
[agvirtual2020@gmail.com](mailto:agvirtual2020@gmail.com) with copy to: [cafimem@gmail.com](mailto:cafimem@gmail.com)

# Division of language groups

The language groups will be:

- French (can be organised with more than one group)
- English
- Spanish

It is possible to subdivide if necessary, for example, into a German language group or an Italian language group, this in case they decide or are organised

# Contact with the Language

Groups :

The Commission will provide three e-mail lists with the contacts per language group (the delegates of each movement per language group); integrating Italian to the Spanish language group, as well as Portuguese. There will then be 3 e-mail lists:

Spanish

French

English

It has been considered that the German language group does not need a list since they are already organised.

# Lists of language groups

Ready for language groups.

Delegates are responsible for contacting each other and setting the dates and times of language group meetings. The AAG committee creates these lists so that they can be easily contacted.

[grupo-de-lengua\\_es@framalistes.org](mailto:grupo-de-lengua_es@framalistes.org)

[groupe-de-langue\\_fr@framalistes.org](mailto:groupe-de-langue_fr@framalistes.org)

[language-group\\_en@framalistes.org](mailto:language-group_en@framalistes.org)

Each list, with the name and country of each delegate, will be detailed by e-mail.

# Agenda

The agenda was discussed during the 4 briefings with the delegates. It is necessary that the delegates, then, be the spokespersons of those meetings. In order to follow a guideline, the following documents can be taken into account:-  
Agenda "Ordre du jour AG Virtuelle"

<https://www.fimem-freinet.org/es/node/3762>

on the tab of the site called: "Ordre du jour + PV"- Items to be validated at the GA "points a valider" which can be found on the website, on the tab of the site called: "courriers AG" <https://www.fimem-freinet.org/es/node/3822>

All the documents mentioned there are on the site. Each language group will add the topics it considers appropriate for discussion, and will take the motions of the other movements also published on the site at this link:
